

**TO OUR VALUED DEALERS:**

We trust the enclosed Dealer Binder will help explain and answer most of your questions, and provide you with the literature you require when promoting Diamond bi-fold doors.

Customers have come to expect quality and functionality from Diamond bi-fold doors, and we strive to continue to be an innovative leader in the industry. We are continually designing new ideas and features for our doors, and would like to encourage you to ask any questions you may have regarding any aspect of our doors and their applications.

Our knowledgeable sales staff can help you find a solution to your door problems. We can be reached by phone, toll free (866) 325-7600, by fax (204) 325-0908, or by email, [info@diamonddoors.com](mailto:info@diamonddoors.com).

Furthermore, if you wish to place an order via email, please feel free to email one of our sales representatives.

We wish you and your company the very best and thank you for your continued patronage.

Sincerely,

**Dick Suderman**  
**President**

# ABOUT US

Diamond Bi-fold Doors – Leading in design and innovation in today’s bi-fold market. Diamond’s unsurpassed quality, durability, and convenience make it perfect for commercial, agricultural and aviation industries. You simply won’t find a better bi-fold door, guaranteed!

Diamond will work with you to find the best bi-fold door solution to suit your needs. We custom build each door to suit your specific building requirements. We offer industry leading convenience with our single lever, or automatic locking system, unsurpassed strength with a triple internal truss design, and competitive industry pricing.

This binder contains information about why every year more and more farmers, builders, and pilots are choosing Diamond for their door needs.

## **Why Choose Diamond**

Diamond Doors is a family run business specializing in producing the highest quality and value bi-fold doors. Dick Suderman, the owner, was a commercial pilot and aerial applicator. He began building custom bi-fold doors in the off season in the mid 80’s for local shops and aviation hangars. By 1992 the demand for more and more doors prompted him to start manufacturing on a full time basis. In 1998 Diamond Doors began operation as a full scale manufacturing facility in Southern Manitoba. With the help of his sons, the company has steadily grown to compete as an innovative industry leader in the bi-fold door market.

Diamond Doors is committed to serving their customers long after the sale is made. With the most comprehensive warranty in the industry, Diamond Doors are guaranteed to perform for years to come, with the service to back it up. The warranty is as follows:

2 year factory defect | 10 year lift cable | Lifetime hinge bushings
