BUILDING INFORMATION CHECKLIST

If you're looking for a checklist that will help you know what you need to know, you are in the right place. This *Building Information Checklist* will guide you through the information that our sales team needs in order to provide you with the most accurate bifold door pricing. If you have any questions, please reach out to us directly at **info@diamonddoors.com** or by calling us toll-free at **866-325-7600**.

BUILDING STRUCTURE: Wood stud frame, post frame, steel frame, quonset, etc.

WALL HEIGHT: The measurement from the finished floor to the ceiling.

BUILDING WIDTH: The width of your building from outside edge to outside edge.

ROUGH OPENING WIDTH: The measurement of the clear opening from column to column.

ROUGH OPENING HEIGHT: The measurement of the clear opening from the finished floor to the underside of the header or ceiling..

DOOR QUANTITY: How many doors of this size do you need?

EXTERIOR FINISHING OPTIONS: How will you finish off the exterior of your door?

INSULATION: Is your building insulated? If it is, you will likely want to insulate your door as well.

LOCKING SYSTEM TYPE: Would you prefer an autolock or a manual lock?

NATURAL LIGHT: Would you like windows or polycarbonate sheeting to allow natural light into your building?

ROOF PITCH: How many inches your roof rises for every 12 inches of horizontal run.

PEDESTRIAN DOORS: Do you require a pedestrian door inside the bifold?

ELECTRICAL SUPPLY: What type of power supply is available? (Voltage and single or three phase.)

ADDITIONAL COMMENTS AND DOCUMENTS:
